

Winter 2024-25
SECOND EDITION

Light, Love and Joy

Dear Families and Friends,

As we embrace the holiday season, we want to take a moment to celebrate the incredible families like yours, whose love, strength, and dedication inspire hope every day. The journey you're on with your child is one filled with moments of growth, resilience, and sometimes, small miracles that make all the difference.

As we look ahead to the new year, we carry with us the hope that it will bring more moments of joy, progress, and breakthrough. We know that your child's journey is unique, but it is also full of

endless possibilities. Together, we will continue to celebrate the miracles and embrace the successes. We are excited to expand our programs and services with your feedback.

May the holidays bring you peace, love, and the joy of watching your child grow and may the new year be filled with continued hope, growth, and many more milestones to cherish.

Wishing you a season of light, love, and happiness, and a New Year filled with miracles.

Warmly,

Risa Plotnick,
Executive Director

Updates

Meet Chase, our new lead integration aide!

We would like to introduce you to our new lead IA, Chase Crang who works alongside Tamir's BCBA Clinician Sunbul Rai.

When did you start working at Tamir?

I started at Tamir the summer of 2024.

Can you tell us about one memorable moment from your time at Tamir?

There are definitely plenty of great memories. One of my favourites is the time when we had a water balloon fight with the kids!

What is your favourite part about working at Tamir?

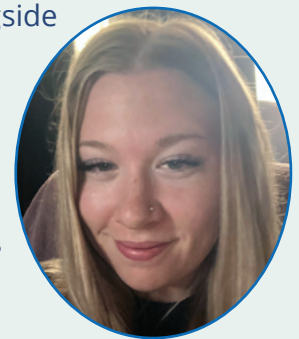

My favourite part about working at Tamir is all the new friends I've made with the staff and the kids — seeing them smile is my favourite part of the day!

Do you have a favourite program?

Kitchen Revolutionaries is my favourite — it's great watching the kids have fun making their creations.

Would you recommend working at Tamir as an integration aide?

I would for sure recommend working at Tamir, as an IA you learn something new every day!!

Families

Bidding fall farewell, winter is calling!

Sunbal Rai, BCBA Clinician

As fall programming at Tamir draws to a close, we eagerly anticipate the start of our new winter programming. This fall, Tamir continued to offer enriching Sunday and after-school programs. On Sundays, children and youth had the opportunity to explore the city, engage in a variety of activities, and most importantly, have fun in a safe and supportive environment.

In our Kitchen Revolutionaries program, participants discovered the joy of cooking simple, delicious recipes while enjoying meals with friends. Finally, our Lego program continued to foster creativity, allowing imaginations to soar.

We're thrilled to bring back these programs into our winter lineup and are also exploring the addition of new opportunities on different weeknights such as Art Guild, Gamerz Club, and Friendship Club, to further support our families and children.

We look forward to continuing to evolve and provide programs that enhance and empower our community.

Quotes from our parents:

"Lego Club has provided my child with an opportunity to socialize while doing something he loves! And I really appreciate having time to dedicate to fitness and errands that I wouldn't be able to do otherwise."

"The support workers are fabulous. Well-trained, educated, motivated to learn about each individual child, great with communication and fun. [My daughter] looks forward to each and every activity."
